

## Invitation

### VAT Briefing

Ladies and Gentlemen,

Welcome to the Deloitte VAT Briefing to be held on **November 28, 2006 from 4.30 pm to 6.00 pm at the Swissôtel Métropole, Geneva.**

The VAT guidelines are constantly undergoing change. We will thus be giving an update on some of the most recent Swiss VAT practice developments as well as highlighting the changes that will take place in the VAT law and practice at the beginning of next year.

In addition, we will be discussing some of the recurring VAT issues which companies encounter each year in conjunction with the year-end closing and how companies can mitigate some of these concerns.

Lastly, we will have a very interesting session on the VAT issues and technical implementation concerns surrounding electronic data interchange and e-archiving of documents as well as the technical functions of digital signature function processes.

We are very much looking forward to welcoming you to our VAT Briefing.

Best regards,

Tony Widler  
Tax Leader Switzerland

Benno Suter  
VAT Practice Leader Switzerland

**Details and registration  
see next page**
